

Saxdor 320 GTC MY23

Motorna plovila ,Slovenija

Description

2024 Saxdor 320 GTC MY23, EUR 200,000

Saxdor 320 GTC 200.000€ + 15.000€ for original Mercury joystick - new is 25k€!

This Saxdor was bought in Slovenia in the Adriatic Sea from an authorized dealer. The berth is in the ACI Marina in the beautiful town of Umag in Croatia. My company is the first owner; the boat was never in charter. It is well-equipped and tested, ready for pleasure or more advanced rides in any sea conditions.

The boat is not EU taxed.

All maintenance and inspections have been carried out regularly according to the manufacturer's specifications.

All invoices are included.

The boat runs and drives exceptionally well. You have to experience it yourself during a test drive. Simply

amazing. The joystick steering makes docking child's play. Joystick enables autopilot function, skyhook - precise lock of location, and many more automated functions.

Viewing and test drive possible at any time by arrangement. Joistic was mounted later after delivery; the price is high, the functionality is impressive, and it allows you to drive and park the boat independently.

The boat is in almost new condition. This is its second season!!!

Year of construction 2024

All marketing stickers/wrapping is already removed from the boat. The boat is now winterised in dry dock.
